Find a location

The parking app will find your location by GPS. Select the droplet closest to your car and click to start the session! You can also select a zone from the list or choose one of your favorite zones.
Pick a duration

Select the amount of time needed for your stay. Receive a parking notification before your time expires!

Make your payment!

Confirm your parking payment and receive a confirmation. Find the running ticket in your ticket overview. The parking session will be moved to your history. All payments are electronically transmitted to parking enforcement.

Remotely extend or stop

Running late? Extend the parking time to avoid a parking fine! Forgot to pay for parking? Pay from anywhere!

The benefits of flowbird.

Avoid parking fines
Forgot to start a parking session? No stress! Pay from anywhere with the parking app and avoid parking tickets.

No cash or card needed
Forgot your wallet? No problem! You have your own digital parking meter in your hand with a secure payment method of your choice.

Save time
No more waiting in line for the parking meter with flowbird. Grab your phone and start a new session.

Save money
Want to leave earlier than expected? Pay only for the actual parking time.

Parking availability
Enjoy our new functionality to find a parking space faster. Parking availability displays streets on the map where you can most likely park your car.

Expiry time notifications
As a reminder of the approaching end time of your parking stay, flowbird can send an alert directly to your phone.

Remote ticket time extention
One of many benefits of Flowbird is the possibility to extend time remotely. Simply select extension and add the desired parking time to your stay.

Fast and secure payment
Get fast access to the app via Facebook or a self-made username and password. Add a secure payment method to your account. The app will remember your details for the next time.
