## flowbird app for End Users

### Fast and secure payment

Get fast access to the app via Facebook or create a username and password. Add a secure payment method to your account.

### Avoid parking fines

Forgot to start a parking session? No worries! Pay from anywhere with the parking app and avoid a parking fine.

### Parking availability

Use our new functionality to find a parking space faster. Our app map displays streets where parking is most likely available.

### No cash or card needed

Forgot your wallet? No problem! You have your own digital parking meter in your hand with a secure payment method of your choice.

### Expiry time notifications

When you are approaching the end of your parking session, flowbird can send a reminder directly to your phone.

### Save time

No more waiting in line for the parking meter with flowbird. Grab your phone and start a new session.

### Remote ticket time extension

One of the many benefits of flowbird is remote time extension - use the app to add the desired parking time to your session.

### Save money

Want to leave earlier than expected? That's fine! You pay only for the time you use.

## flowbird app for Cities and Operators

### Secure increase in revenue

With flowbird as an additional sales channel, revenue is securely processed (PCI-DSS) thanks to the use of 3DSecure, which offers greater payment protection.

### Consolidated reporting of parking sales

Native integration of all sales data into flowbird reporting solutions with no interface costs.

### Faster collection of parking fines

Fines can be paid on the flowbird app and web, providing easier and more efficient collection.

### Consistent and centralized management of free time distribution

Effective management of free parking time between parking meters and the flowbird application, in accordance with the local authority regulation.

### Centralization of tickets on a single server for easy control

The Flowbird HUB centralizes all parking tickets and optimizes response times for enforcement officers, while integrating with existing systems.

### Permit recognition and purchase of virtual subscriptions

With flowbird, permit holders can purchase their subscriptions remotely.

### Service enhancement

flowbird supports city parking strategies, offering greater visibility of services to citizens.

## flowbird app for Business Fleets

### Automate expense reports

Create value by automating expense report management.

### Cost per employee

Track the cost of parking for employees.

### User Management

Manage parking entitlement for employees through personalised accounts, all available for import/export in CSV. flowbird offers flexible permissions and easy user management.

### Flexible payment options

Associate several different payment methods according to the needs of your organization.

### Send SMS reminders

Enable optional SMS reminders for employees.

### View parking history

Generate a simple overview of your company's parking history.
